Mr. Charles Hamilton
Regional Supervisor, Office of Natural Resources
New York State Department of Environmental Conservation
SUNY Campus, Building 40
Stony Brook, New York 11790-2356

Subject: NOTIFICATION OF ACCESS ONTO FORMER NAVY PROPERTY

Dear Mr. Hamilton:

This letter is being sent to you in accordance with the deed that was signed between the Department of Navy and the New York State Department of Environmental Conservation (NYSDEC), to inform you of the Navy's intent to access property formerly owned by the Department of Navy and conveyed to the NYSDEC. The property in question is the Navy's former southeast buffer zone (Zone II) located on the south side of River Road. This parcel of land was used to support aircraft operations that were conducted at the former Naval Weapons Industrial Reserve Plant (NWIRP) Calverton.

The work to be conducted on this parcel of land will be the installation of one temporary monitoring well designated on the accompanying figure as SA-PZ104S,I,D. The Navy is conducting this work as per an agreement made with the NYSDEC's Division of Environmental Remediation, to assess the quality of groundwater in this area. Work is scheduled to begin during the week of June 5, 2000.

If you have any questions or would like to discuss this issue further, please give me a call at (610) 595-0567, extension 163 or my environmental Counsel, Mr. Ralph Lombardo at (610) 595-0606.

Sincerely,

JAMES L. COLTER
Remedial Project Manager
By direction of the
Commanding Officer
